ABOUT THE PROGRAM

- The School of Occupational Therapy was established in the year 2001 affiliated to the Maharashtra University of Health Sciences (MUHS), under the astute vision and guidance of Padmashree D Y Patil and has continued to flourish under the leadership of Dr. Vijay Patil. Since the year 2013, the School of Occupational Therapy is affiliated to the D Y Patil Deemed to be University.
- At the School of Occupational Therapy, students learn from faculty who are qualified from the renowned accredited educational institutions in India and abroad, and carry extensive knowledge, both of healthcare industry and academics.
- As part of our curriculum, students are trained in rehabilitation/restoration of the functional ability of a person with various types of physical, mental, and neurological trauma or illness. Our website provides information regarding our various academic and research activities, cultural and extension activities.
- The School of occupational therapy under the ambit of D Y Patil University offers graduation in occupational therapy. During the course of 4 years and 6 months, the program provides an educational experience of the essentials required for health care in the country. The educational process is not only hospital oriented and based on medical model but is also community based and client-centered.

Accredited by the Academic Council (ACOT) of Occupational Therapy of the All India Occupational Therapists' Association (AIOTA) and Listed in AIOTA Accredited Schools of India in the World Federation of Occupational Therapists (WFOT) website
